

Technical Data Sheet

Defoam EX

Product Description

Defoam EX is a concentrated proprietary blend of fast acting defoaming agents to control foaming in muds containing freshwater and brine systems.

Applications: Defoamer in water-based and brine muds.

Treatments: Defoam EX should be added in a location that allows incorporation into the entire circulating system. Normal treatments range from 0.05 to 0.1 lb/bbl. In severe cases treatments can be as high as 0.2 /b/bbl. Take caution when utilizing this product because of its very concentrated contents, use only as needed.

KEY BENEFITS

- **Very effective defoamer at low concentrations**
- **Can be used in freshwater or brines**

Key Properties

Color	White
Physical Form	Liquid
Sg	0.95
Packaging	5 gal pail
