

Technical Data Sheet

Rig Wash

Product Description

RIG WASH is a highly concentrated, heavy duty cleaner/degreaser formulated for oilfield and industrial use. This product cleans grease, oily dirt, and thick grime build up from heavy equipment, machinery, tools, concrete floors and metal surfaces. Specially formulated for offshore use, RIG WASH is biodegradable, contains no phosphorus or petroleum distillates, and will inhibit sheen formation in water.

Applications:

Use RIG WASH as a degreaser by brushing or spraying on surface to be cleaned. Let stand for 5 minutes, then hose off. Remarkable cleaning action may be attained on smaller items by soaking in a solution of RIG WASH for a short period of time.

Treatments:

Dilute 50:1 with fresh water or salt water for use in pressure sprayers or as a heavy duty general purpose cleaner. For lighter duty cleaning, RIG WASH may be diluted as much as 100:1 without losing its effectiveness.

KEY BENEFITS

- **Highly concentrated degreaser.**
- **100% biodegradable**

Key Properties

Color	Purple
Physical Form	Liquid
Sg	1.03
pH	13.0
Flash point	None
