

Technical Data Sheet

SENTINEL 310

Product Description

SENTINEL 310 Fuel Oil Cleaner is an environmentally friendly product designed to clean fuel oil and fuel oil residues found in both residential and commercial applications. Sentinel 310 Fuel Oil Cleaner is uniquely formulated to clean a variety of other soils as well including, dirt, dust, grease and lubricants. Sentinel 310 Fuel Oil Cleaner is powerful enough to handle the most difficult cleaning problems without compromising the safety of workers or environment.

Applications:

Potential safety hazards are present around machines or in storage areas where leaks, drips, sprays or spills are most likely to occur. Sentinel 310 is used to break down oils, mixtures of soluble oils, acids, paints, inks, water and other liquids. Proper use of these products can reduce slipping accidents and hazards, prevent flash oil fires and keep floors clean and dry.

Treatments:

A spill control plan should be developed with absorbent products readily available to control daily leaks and spills around your plant or to use in case of an emergency.

KEY BENEFITS

- **Effective in cleaning a variety of soils.**
- **Environmentally friendly**
- **Effective degreaser.**

Key Properties	
Color	Clear
Physical Form	Liquid
Flash Point	61 °C (142 °F)
